

Trap Neuter Return program for feral/outside cats only.

Newport Township is partnering with No Nonsense Neutering (NNN) to offer FREE TNR vouchers for free roaming community/feral cats. NNN is a same day surgery clinic by appointment only located at 10 Gallagher Drive Plains, PA.

To obtain vouchers, a resident must get appointment/s first. Come to Borough office with ID (you decide what that is) and your appointment date/s to get voucher/s.

Scheduling is done online only: www.nnnlv.org. Residents will need to plan trapping. There is no walk-in at NNN so do NOT trap until you have appointments, vouchers and traps.

Cats MUST come in an adult sized humane trap- no squirrel/kitten traps or dog crates will be accepted. ALL Cats receive a rabies vaccine, distemper vaccine under 1 year old, flea, worming and ear mite treatments, fluids and long-acting pain medicine. The left ear will be tipped.

Loaner traps are available at NNN clinic with a refundable \$25 deposit. Traps are available 1 week BEFORE your surgery date.

More information about NNN and Community cat information is available on NNN website www.nnnlv.org.
