

# WHAT YOU NEED TO KNOW ABOUT RECYCLING

---

- **NEWPORT TOWNSHIP IS DEDICATED TO A RECYCLING PROGRAM THAT HAS, OVER THE YEARS, COLLECTED HUNDREDS OF TONS OF PLASTIC, METAL, AND PLASTIC MATERIAL.**
- **RESIDENTS' SUPPORT AND COOPERATION ARE KEY TO A SUCCESSFUL RECYCLING PROGRAM**
- **FIRST AND FOREMOST IT IS THE SINGLE BEST THING WE CAN DO TO PROTECT OUR ENVIRONMENT. PROPER DISPOSAL OF USED METAL, GLASS, AND PLASTIC TRASH DECREASES LANDFILL OVERLOADING.**
- **REUSING RECYCLABLE MATERIAL IS VERY COST EFFECTIVE. THE COST OF MANUFACTURING NEW IS CONSIDERABLY HIGHER THAN RECYCLING USED MATERIAL.**
- **CLEAN RECYCLABLE MATERIAL IS CRITICAL TO THE SUCCESS OF A RECYCLING PROGRAM. THE COST OF CLEANING DIRTY BOTTLES, CANS, AND PLASTIC CONTAINERS CAN QUICKLY KILL A PROGRAM. ALL NEWPORT RESIDENTS ARE ASKED TO RINSE OUT ALL ITEMS THEY PLACE IN THE COMIGLE BINS.**
- **REFER TO YOUR RECYCLING CALENDAR FOR THE DATES THAT GLASS, PLASTIC, METALS, AND NEWSPAPERS WILL BE COLLECTED, AND REMEMBER TO CLEAN THE RECYCLABLES BEFORE PUTTING THEM IN THE RECYCLE BINS.**

EVERYONE WINS WITH AN EFFECTIVE RECYCLING PROGRAM !
